• Raveya Quality Control Policy

•Policy and Objectives

Raveya policy is to achieve sustained, profitable growth by providing services, which consistently satisfy the needs and expectations of its customers. This level of quality is achieved through adoption of a system of procedures that reflect the competence of the Company to existing customers, potential customers, and independent auditing authorities.

- Achievement of this policy involves all staffs that are individually responsible for the quality of their work, resulting in a continually improving working environment for all. This policy is provided and explained to each employee by the Managing Director or Quality Manager.
- To achieve and maintain the required level of assurance the Managing Director retains responsibility for the Quality System with routine operation controlled by the Quality Manager.

•The objectives of the Quality Assurance System are:

- To maintain an effective Quality Assurance System complying with International Standard.
- To achieve and maintain a level of quality which enhances the Company's reputation with customers.
- To ensure compliance with relevant statutory and safety requirements.
- To endeavor, at all times, to maximize customer satisfaction with the services provided by us.

Raveya Resources

PERSONNEL

Our Strength to carry out our tasks and operations reliably and competently depends on our reliable, qualified and competent operational and Management Personnel.

Training of all categories of our personnel to keep them in line with latest technology. Our personnel ranges from Field Operations Manager, Project Engineer, Electrical / Civil Engineers etc.

EXPERIENCE

Our working experience in Construction is a collective experience of our Personnel which is over 8 years and more practicable.

EQUIPMENT

Our equipments are acquired by purchase, lease or hire depending on the prevailing economic situation. We ensure that they are suitable and reliable in terms of function, condition and capacity.

FINANCE

Raveya has a strong working capital and strong Credit Base from the Shareholders, Banks and Finance Houses

Raveya Quality System

The Quality Assurance System applies to all activities of the Company, and has been developed in accredited standards. The Quality Assurance System is fully documented and structured in 3 levels:

Level 1: Quality Manual

This document details the corporate quality policy and structure of the Company and references appropriate for Operating Procedures.

Level 2: Operating Procedures

These documents describe the actual process, and controls applied, to all activities concerned with the attainment of a quality assured contracting service.

Quality Planning

As the Company operates a standard type and range of services, customer satisfaction and quality are achieved by operation in accordance with the documented quality system. Specific customer requirements are identified and documented during the contract review process, allowing these requirements to be communicated and achieved, ensuring satisfaction of all customers declared needs

Total quality Management (TQM) is an essential part of planning, execution and management. Our goals in this company are to execute all our projects to acceptable international standards and quality. Hence, we adopt quality control regimes in executing our projects. Such regimes entails materials testing, job standardization and compliance to specifications.

- ***Raveya* HSE Policies, Objectives and Plan**

It is the duty of every employer to prepare and as often as may be appropriate revise a written statement of policy with respect to the Safety, Health and Environment protection of his employees and clients. In line with our corporate HSE commitment, the HSE objectives in our operations are to pursue the goal of no harm to people and protect the environment

- **Health**

It is the policy of ***Raveya*** to provide a healthy workforce by providing a workplace, which protects the health of its employees, client, and surrounding community. The aim of this policy is to provide awareness through preventive programs, education, encouraging voluntary participation and personal responsibility. This is considered important to guarantee the corporate investment and quality product / services to customers.

- **Safety**

Raveya believes that a safer job is more efficient and less costly. It is the policy of the company to ensure that jobs are carried out in a safe way. This is done by promoting safety awareness, providing safe environment and preventing all accidents that might arise through the company's activities. Staffs are given Safety training programmes, safety awareness courses and drills, and are expected to constantly be at alert when working within both ***Raveya*** and clients premises.

- **Environment**

It is the policy of **Raveya** to conduct its business in a way that protects the environment. In doing this, we apply the best practicable means to preserve air, water, soil, plant and animal lives from adverse effects of our operations. **Raveya** ensures full segregation of all wastes and discharges are disposed off in a manner that does not have a negative impact on the environment.

- **Security**

Raveya works in a safe environment with maximum security. Securities are provided in offices, and worksites to check the entry of unauthorized person with illegal removal of company's goods and properties.

- **Community Affairs**

Raveya promotes cordial relationships with the host communities. The customs and protocols being practicable within the community will be observed and assistance will be provided on community development project. Good working relationship will be maintained at all level to ensure enabling working environment.
