FAVIC TECH SERVICES (FTS)

FTS was incorporated in Nigeria on the 31st of March 2003 with efficient and dynamic professionals in sales services of generator sets, Re –couppline, importer and exporter, procurement services and generating contracting with over 15 years experience on the job. Over the years, our staff have acquired technical and management skills needed for quality services and prompt delivery.

Our vision

To become a leading service provider in installation and maintenance of generators, sales and service of generator sets and Re-coupling and supply of electrical materials and Amord cables and change over switch.

OUR MISSION

To be the leading service provider in the above mentioned areas and second to none in the installation and maintenance of electrical appliances particularly generators of high capacity and power plants installations.

OUR SERVICES

We provide three categories of services as follows:

- **PROCUREMENT** (providing general factory needs and contracting services in the above mentioned areas)
- **CONSULTANCY** (in power plant installations and general maintenance and servicing of generators and general contractual services)
- **SALES** (sales & servicing of generator sets and Re-coupling)
