1. Project Owners
2. Architects
3. OEMs- Original Equipment Manufacturers
4. Seasoned Professionals

CORE COMPETENCIES

The background of the slide is a blue-tinted photograph of a multi-story building under construction. The building is heavily encased in scaffolding, and a large tower crane is visible extending from the top left towards the center of the frame. The overall scene conveys a sense of active construction and engineering.

De-paradise has been delivering high quality projects, superior services and expert installation since 2011. The company is constantly carving out a distinctive reputation through the following:

Clear View Fence

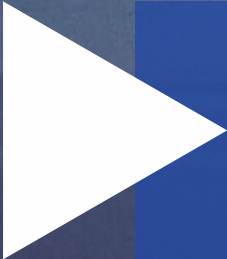

A photograph of two construction workers on a green lift platform, working on a concrete wall. The worker in the foreground is wearing a yellow hard hat and a brown shirt, while the worker in the background is wearing a yellow hard hat and a white shirt. They are both using long-handled tools to work on the wall. The image has a blue tint and a white horizontal bar above the text.

CONSTRUCTION

We engage in delivering top notch construction services from renovations to full-fledged construction

OPERATIONAL BUSINESS MODEL

Our centralized procurement model provides us with our competitive edge. It eases the project execution process and eliminates redundancy in the chain of activities. With the aid of our dedicated specialists and with precision, we diligently track the success of every stages of projects we embark on from concept to completion.

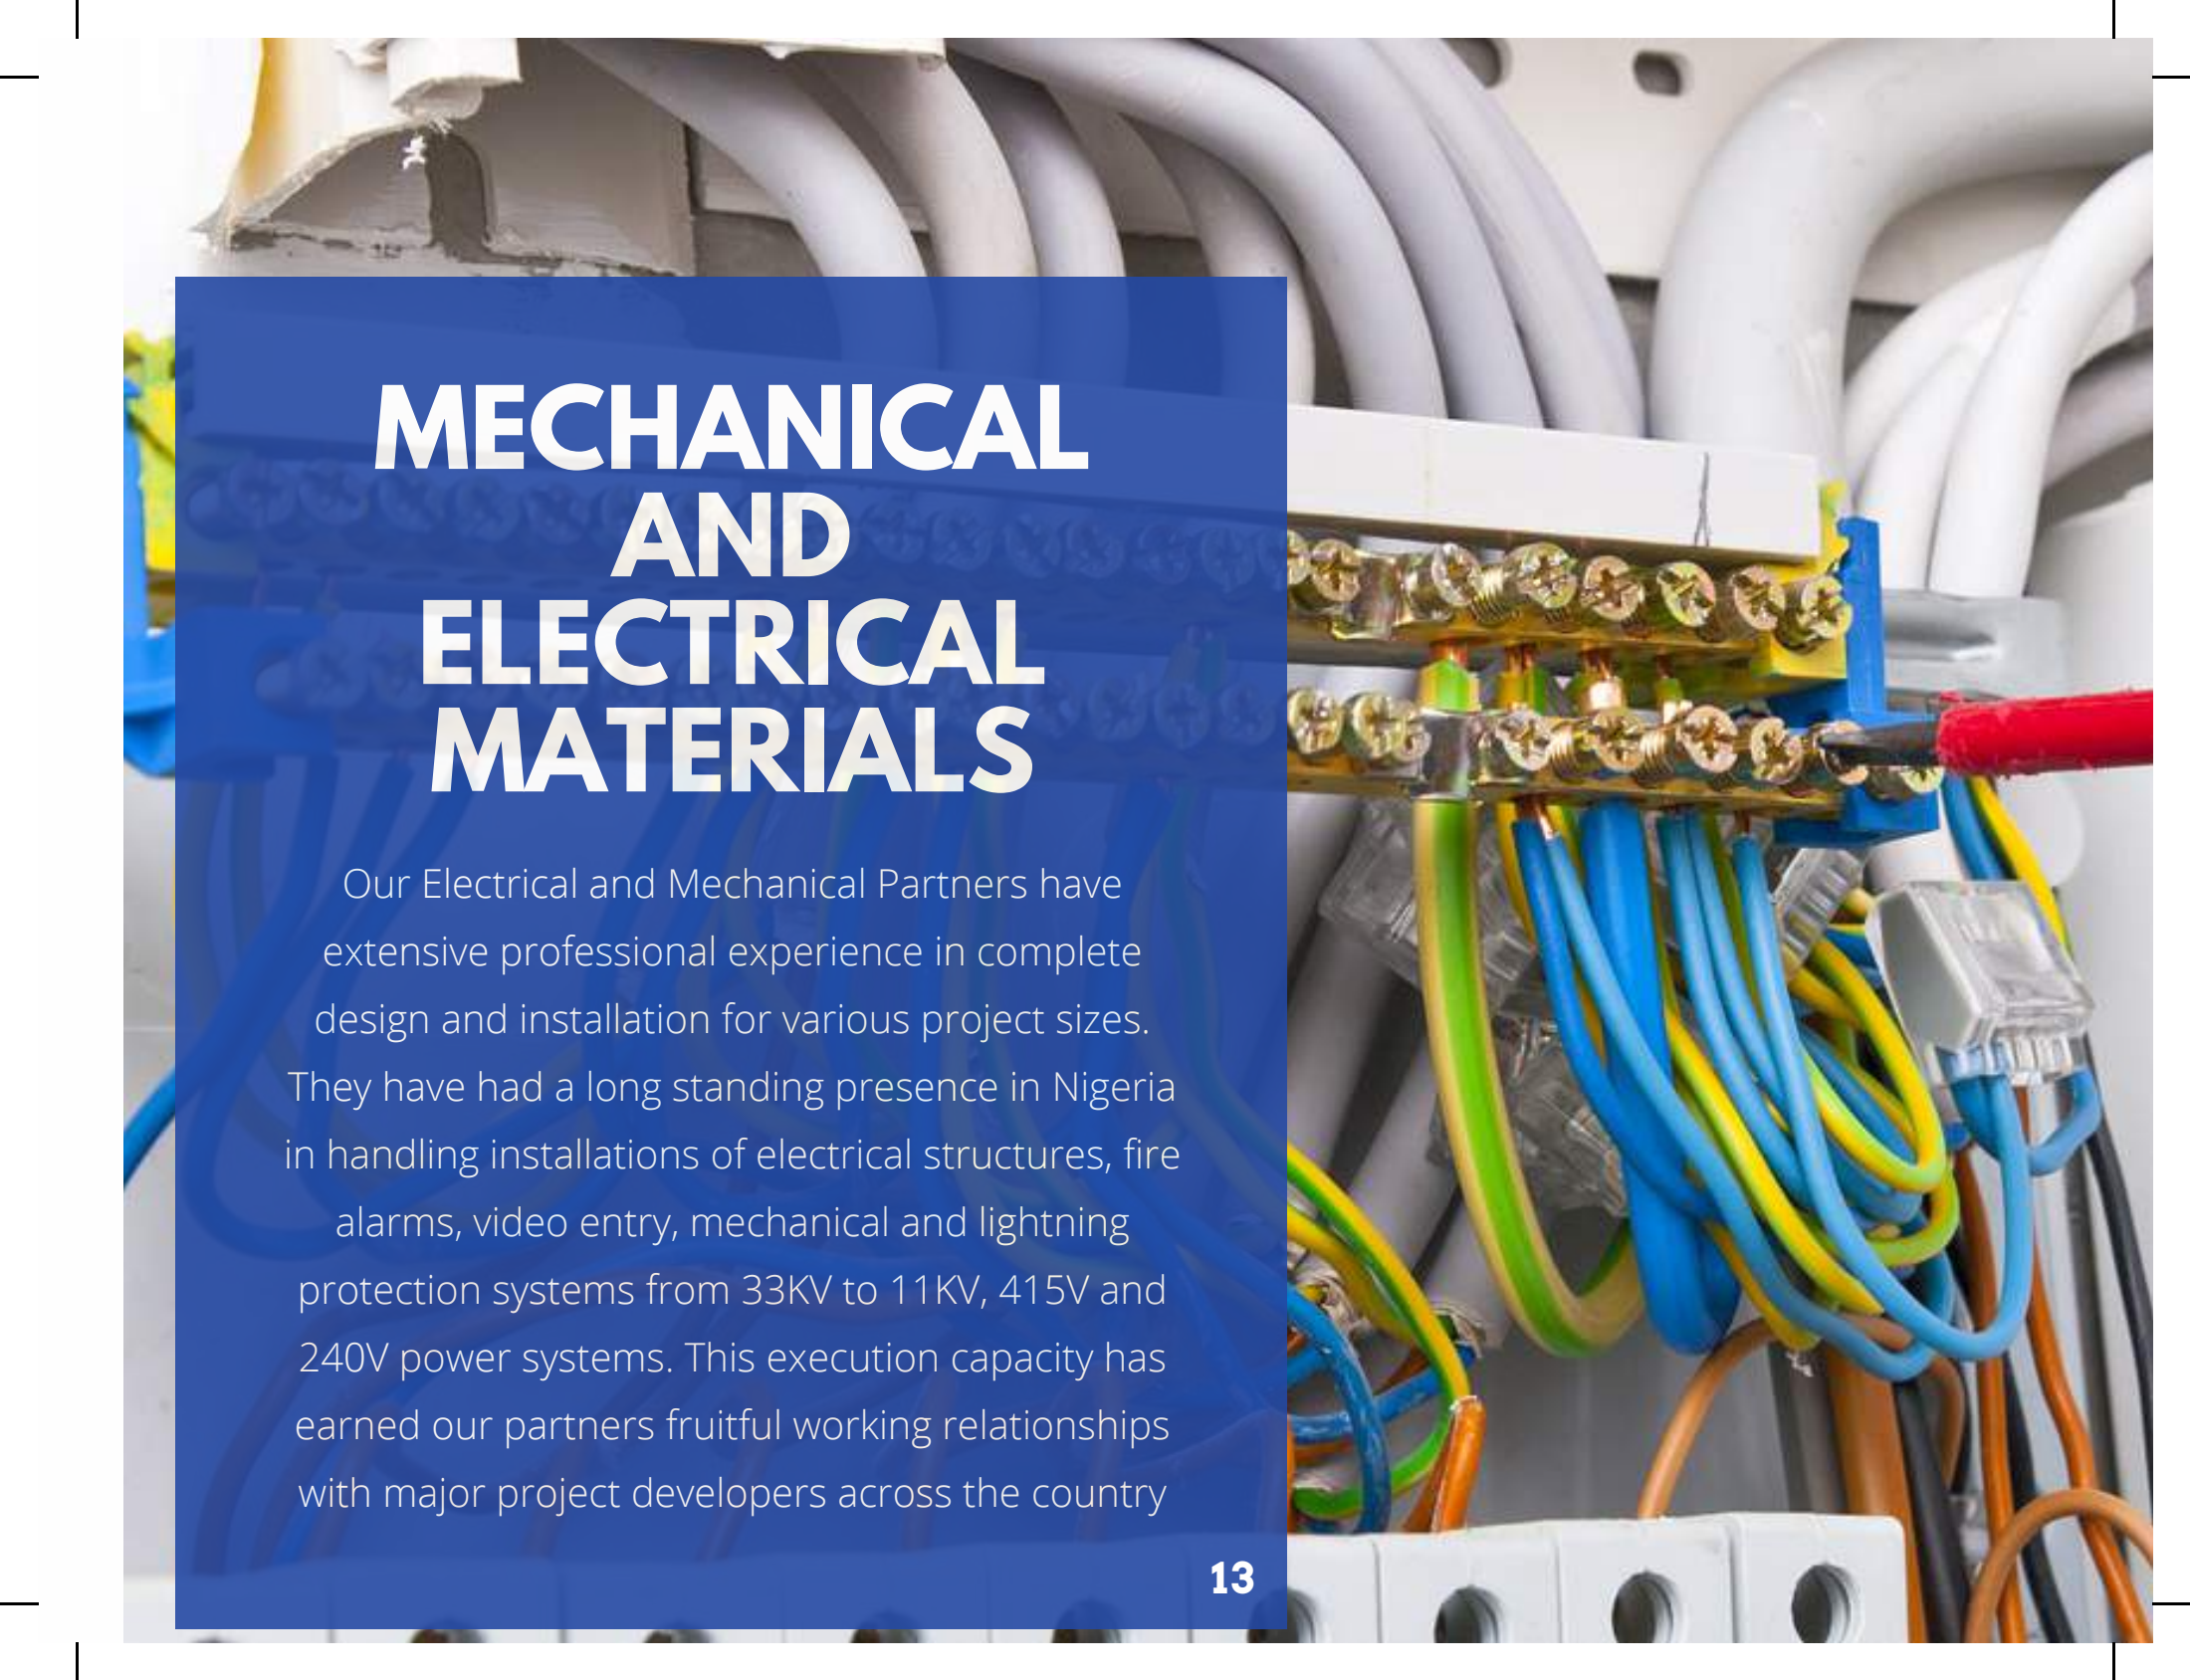

PROCUREMENT SERVICES

BESPOKE WOODEN FLUSH DOOR

Sourcing residential and commercial doors that go beyond our customers' expectations has always been our goal. Our doors are built to last and made for a variety of conditions and climates with high quality. We supply doors designed to meet your needs at an affordable price be it standard, bespoke or made to measure doors. Our suppliers' high quality products are at the forefront of innovative design. We stock up all kinds of doors;

- Bespoke wooden Flush Doors
- Wholesale and custom cut doors
- Solid wood interior doors
- Pre-hung Exterior doors
- Bi-fold doors
- Glazed doors and more...

MECHANICAL AND ELECTRICAL MATERIALS

Our Electrical and Mechanical Partners have extensive professional experience in complete design and installation for various project sizes. They have had a long standing presence in Nigeria in handling installations of electrical structures, fire alarms, video entry, mechanical and lightning protection systems from 33KV to 11KV, 415V and 240V power systems. This execution capacity has earned our partners fruitful working relationships with major project developers across the country

Granite

At De-Paradise, we source various types of granite according to our client's needs and specifications. We supply several sizes including 1/2 inch and the 3/4 inch (graded) but not limited to these. Our partners have quarries based in strategic locations around the nation enabling us reach our several clients.

POP False Ceiling and Wall Finishes

We supply POP and false ceilings which redefines interior designing due to its versatile nature and other important features making it an indispensable feature in modern building. It improves aesthetical appearance & proportions by managing room heights. Plaster of Paris (POP) helps give buildings a smooth and uniform finish and provides insulation from heat. Our team of experts deliver and install appropriately and according to our clients taste and preferences.

Galvanised Steel Frameworks for Dry Wall Partitioning

We offer drywall partitioning for new and remodelling projects with special emphasis on galvanised steel framework with floor tracks and vertical studs that are assembled to form a strong structure for the assembly of a wide range of partitioning designs.

Our dry wall aluminium sections are a unique combination of the best construction ideas and aesthetics from the international drywall industry. The patented result is a highly functional, easy to install and good looking system that caters for all types of installations.

A photograph of a decorative epoxy floor with a dark, speckled aggregate finish. The floor is in a room with light-colored walls and a baseboard. A small, square, metallic object is visible on the wall to the left.

Decorative Epoxy

We offer a variety of resinous flooring systems that combine highly decorative appearances with durability and low life cycle costs. This resin decorative systems are ideal for high traffic zones and provide the beautiful appearance you need for your project.

Our epoxy flooring product range includes: Primers, decorative epoxy resin floor coatings, epoxy resin floor screeds and smoothing finishes. Our epoxy floors have the following advantages:

- Low Maintenance
- High Wear and Abrasion Resistance
- Chemical Resistance with a Decorative
- Appearance
- Many Systems available with a Fast Cure Option

HIGH QUALITY PAINTS

We have a network of both local and international suppliers who produce top quality paints for modern painting jobs. We have the experience and capacity to supply small and large quantities and to every location in the country. We understand how to find the right paints for construction and renovation projects.

CERAMICS/TILES/ MARBLE:

We offer a large and unique selection of ceramic and porcelain tile from the world's top manufacturers and suppliers. Our ceramics, tiles and marbles are available in a wide range of modern and top-notch designs that will leave your building speaking volumes.

Our staff of experienced professionals will help you select the right colour, size and type of tile or marble to complement your home and lifestyle and ensure detailed tiling service. We supply Porcelain and Ceramic tiles, Marble, Limestone and a few others. All decorations are proudly manufactured in Nigeria using water-jet cutting-edge technology. Our suppliers make use of the newest and most expensive machineries ever introduced in the tiles industry which enable printing capabilities on tiles and precision cutting of marbles to any custom size to fit our customer's specific needs.
