- SID Power Systems Ltd.
- Bisbal International Services Nig. Ltd.
- TPC ENKO Nig. Ltd.

BUWA TECH ENTERPRISES LIMITED MANAGEMENT/TECHNICALTEAM

Managing Director/CEO: Engr. Bola Oladipo

Bola graduated from former Ondo State Polytechnic Owo now Rufus Giwa Polytechnic Owo. He holds an ND and HND in Electrical and Electronic Engineering respectively. Bola has 20 years technical experience spanning marketing and sales of industrial pumps, heavy duty generators, renewable energy (solar panels and installation), total power solution and power protection (inverters and UPS). Bola has a work experience with a number of companies that are renowned names and players in the business of power solution and protection industry in Nigeria. At one time or the other in his career development, he had been a sales/marketing executive and manager in companies such as Teco Stork, Powerline, Management Information Systems (MIS), Data flex, Schneider Electric, to mention a few. Bola has brought to the table all the experiences he had garnered over the year to the running and management of Buwa Tech Enterprises Limited. He is presently managing a branch office of the company in Rhode Island, United States of America.

Director: Olubukola Oladipo:

Olubukola is a seasoned Economist. She holds a Bachelor of Science degree in Economics from the prestigious department of Economic, Obafemi Awolowo University, Ile-Ife. After graduation Bukola, has been using and applying her grounded knowledge of economics for the growth and development of Buwa Tech Enterprises Limited.

General Manager: Engr. Tunde Oladipo

Tunde holds a Bachelor's degree in Civil Engineering and Master's degree in Civil Engineering with an option in Environmental Engineering from Obafemi Awolowo University, Ile-Ife, Nigeria. Also, he has a Postgraduate Diploma in Environmental Control and Management from Obafemi Awolowo University, Ile-Ife, Nigeria. Outside his self-acquiring skill in optical fiber, he had taken a bold step to have a certificate of proficiency in fiber optics. Tunde has well over 18 years grounded work experience in civil/building construction works, telecommunication transmissions (fiber optics), tertiary institution

teaching, research and development, dredging/reclamation works and harbor/towage operations in marine environment. Tunde's experience in dredging, environmental and marine engineering industry has been an added advantage to Buwa Tech Enterprises Limited.

Technical Manager: Henry Omoshin

Henry has his humble educational beginning from Fidei Polytechnic (Gboko) where he bagged national Diploma and Niger Delta University course programme is still in view. Henry had had training on VSAT remote installations (NETCOM AFRICAN, Lagos), IDirect and SKY EDGE modem configuration (GILAT SATCOM, Israel), configuration of DVBS2 Modem, configurations of wireless radio and LAN setup (WEBSURFERS GLOBAL COMPUTERS, Port Harcourt), configuration of Hughes Modem and Ka-band and VSAT installation (YAHSAT in Abu Dhabi) and electrical installation and wiring. Henry technical expertise covers software IT security, power solution (UPS and Inverters), routing and switching, cloud computing management technology, data centre operation and management, system maintenance, network monitoring systems, wired and wireless LAN setup, wireless radio configurations and VSAT installations.
